JALSA® is a unique fusion of Indian and Mexican flavors that you can now enjoy in your home. Made with all-natural ingredients, JALSA® provides a unique taste with a powerful, spicy kick to make you want to come back for more. Its more than just a delicious hot sauce – JALSA® is a healthy marinade and cooking sauce that can be used to add a burst of flavor and spice to just about any dish. JALSA®, the newest, freshest taste in salsa is now available for purchase at www.getjalsa.com.

JALSA® is made with all natural ingredients, and is low in sodium and gluten-free. Unlike some other hot sauces, the spice level of JALSA® is not adjusted using capsicum extracts or oils, so fans of spicy food can enjoy the natural heat of JALSA® with any snack or in their favorite dishes.

“We are excited to make our family recipe available to fans of spicy food around the country,” said Jalsa Foods President, Ameer Joshi. “JALSA® is perfect with chips, but its also a versatile ingredient that you can include in your favorite recipe. We believe JALSA® will be an exciting addition to the growing market for ethnic hot sauces.”

JALSA® is available in packages of two, six or 12 16 oz. jars at the online store at www.getjalsa.com. To ensure delivery in time to make JALSA® a part of your holiday get-togethers, please order by December 16, 2013.
